

Dr Bhuva was absolutely brilliant. Whilst the anaesthetic injection was unpleasant (as these things inevitably are), I never felt a thing during the actual treatment except some pushing and pulling. He explained everything clearly, put me at ease throughout, and even hummed along to the radio while working – which somehow made the whole experience far less daunting!

# Endodontic Treatment at Heyford Smiles

## About Dr. Bhavin Bhuva

Bhavin graduated from Guy's Hospital in 1999. Bhavin achieved a distinction in the Master of Clinical Dentistry in Endodontology, and also obtained the Membership in Restorative Dentistry from the Royal College of Surgeons of Edinburgh. In 2009, he was accepted on the GDC specialist register for Endodontics.

Bhavin has held the position of Consultant in Endodontics at both King's College Hospital (2011-2015) and Guy's Dental Hospital (2015-present) where he supervises and teaches undergraduates and postgraduate students who are specialising in Endodontics.

Bhavin is co-founder of the EndoArt Postgraduate Diploma in Endodontics and module coordinator for the Distance Learning Master's programme in Endodontics at King's College London. Furthermore, he is an examiner for the Royal College of England.

Heyford Smiles  
DENTAL CLINIC

Bhavin is highly skilled in managing patients with complex endodontic cases where previous treatment has failed, He treats all his patients with kindness and confidence.
