“

My wife subsequently had some cosmetic dental work done at Heyford Smiles. She dealt with Hisham, who is a true professional and perfectionist! His work was impeccable and has left my partner smiling non stop. The appointment schedules were flexible around her availability, Hisham explained each step of the process and was able to answer all her questions and put her nerves at ease. This will be our family Dental Clinic from now on! Thanks Heyford Smiles.

## Meet Hisham

Hisham is now pursuing a 4-year double master's degree at the prestigious King's College London in Fixed and Removable Prosthodontics (MClinDent Pros), which is one of the most intensive programmes in restoring and replacing teeth. He has acquired an international and multicultural experience throughout working and training in Cairo, Dubai, and Saudi Arabia.

Hisham is an advocate of conservative dentistry and digital smile designing and has attended various courses by prominent dentists such as Christian Coachman and Pascal Mange.

He has been appointed as a member of the Royal Colleges of Surgeons of England, Edinburgh, and Glasgow after completing the MFDS diploma examinations. He is also a member of the British Society of Prosthodontics. Moreover, he has recently completed a two-year postgraduate training in Aesthetic and Restorative Dentistry of the Faculty of General Dental Practice and a postgraduate certificate in Restorative Dentistry awarded by the Royal College of Surgeons of England.
