“

‘Dear Oliver,
You did an implant for me recently
and I wanted to write to thank you
for the work and the sustained
level of care you and your assistant
showed throughout the whole
process. It was a very positive
experience for me (as far as that is
possible!) and I wanted you to
know how much I appreciated
that.

With best wishes’

Meet Oliver

"I graduated from the University of Leeds in 2015 and moved down to Oxfordshire, working as a general dentist to start my career. In 2018 I began a post-graduate implantology course at the Tipton Dental Training Academy London, accredited by the Royal College of Surgeons. I was fortunate enough to win the 'Implant Dentist of the Year' award upon completion of the course. This ignited my fire to realise implantology was my passion and I have focused my career around this ever since." Dr Oliver Brown
